AT THE END OF CLASS:
PLEASE TURN OFF ALL USED A/V EQUIPMENT,
PUT ALL REMOTES BACK IN THE BLACK BOX DRAWER,
AND LOCK THE BLACK BOX CABINET.

DO NOT SHUT DOWN CLASS PC AND DO NOT UNPLUG ANY CABLES.
OPERATING THE LCD PROJECTOR

- To turn on the projector, press the “DISPLAY ON” button, located on the A/V Control Panel (see below).

- To change the projector’s INPUT SOURCE:
  Select the desired input on the A/V Control Panel (see below).

- To turn off the projector, press “DISPLAY OFF” TWO TIMES.

ACTIVATING/DISPLAYING INPUT DEVICES

(1) CLASSROOM PC

- After selecting the PC input (press the button labeled “Laptop” on the A/V Control Panel). wiggle the computer’s mouse and the computer’s image should be displayed on the projector screen as well as the computer’s monitor; if no image is displayed on the monitor, turn the monitor off and on again by pressing the MONITOR POWER BUTTON ( électro). If no image appears on either screen, press the PC POWER BUTTON ( électro) to turn the computer on.
  The PC is located on the computer cart, below the monitor.
(2) **VCR/DVD PLAYER**

- Switch to the VCR/DVD input (press the button labeled **DVD VCR** on the A/V Control Panel).
- To turn on the VCR/DVD Player, press the **POWER BUTTON** (Ὄ), located on the front of the device.
- To switch the player to and from VCR or DVD mode, press the **VCR/DVD buttons**. The mode that the Player is in will be displayed on the black information screen which is located at the center face of the device.
- **CONTROLS** for VCR/DVD Player:
  - Play, Stop, Eject Tape or Eject DVD, Rewind, Fast Forward

(3) **LAPTOP**

- **PC:**
  If you want to connect a personal laptop to the LCD projector, you must connect the **VGA cable** to the VGA socket on your laptop and the **audio cable** to the headphone jack on your laptop (see left).

  ![Both the VGA and the Audio cables can be found next to the PC on the computer cart.](image)

  Switch to the PC input (press the button labeled “Laptop” on the A/V Control Panel). The image on the screen should automatically switch to the Laptop; if not, use the “connect to projector” function on your laptop.

- **Mac:**
  In order to connect an Apple (Mac) laptop to the LCD projector you must first obtain a **Mac Adapter** (see left) from the **Instructional Media Center** in Daniels Hall, room 111.

- **iPad OR iPhone 4:**
  If you want to connect an iPad or iPhone 4 to the LCD Projector, you must first obtain a **iPad/iPhone Adapter** from the **Instructional Media Center** in Daniels Hall, room 111.
